4

Before you take of the bread (Jesus' body) and juice (Jesus' blood), search your heart. What do you need to repent of? What do you need God to forgive? Who do you need to forgive? What do you need to surrender to Him? Next, thank God for His grace and take the elements. If you don't have bread or grape juice, use what you have. Communing with Jesus is what's sacred—not the elements!
